AMENDMENT AND RESPONSE

RE: Application No. 10/080,248

Filing date: 02/19/2002

Title Of Invention: Bandsaw With Double-Edged Blade and Opposing Thrust Rollers

Inventor: William Harold Falberg

Examiner: Ghassem Alie

Art Unit: 3724

In response to; First Office Action Summary

Mailed 05/23/2003

Dear Ghassem Alie,

Please find enclosed the Amendment and Response to your First Office Action mailed 05/23/2003 consisting of 8 pages of specifications and 8 pages of drawings. I hope I have properly addressed your objections and put them in a proper form this time. I'm actually building bandsaws now and am getting closer to having the embodiment of this invention installed on them. The hardest part is going to be getting somebody to make the double edged blades commercially.

It was a pleasure to meet you on the phone and would be happy to answer any questions you might have. You can call me anytime at 1-800-567-8919.

I touched up the drawings a little and am also enclosing a copy of those revised drawings. I didn't have a computer when I originally filed my application as I'm sure you can see. I am currently on line at [falbergsawco@sopris.net](mailto:falbergsawco@sopris.net). If that is an easier means to communicate please use it.

Sincerely,

William H. Falberg
